Work from your home and make 1000's of dollars in extra income.

Dear Friends and Fellow Entrepreneurs,

The digital era has dramatically changed the way we view and share our photographic and video memories. This has unleashed a multi-million dollar industry. Denevi Digital Imaging, a leader in digital imaging services has provided their services for some of the nation's largest retailers. Now Denevi's has a great opportunity for you to earn additional income.

Why Now, Why Denevi? Look at all the possibilities!

Why Now? Just think of your mom and dad or grandparents who have movies and slides stored in shoeboxes. The hundreds of thousands of war veterans who purchased their first 35mm camera and shot the newest color film-Kodachrome slides. Their kids, the baby boomers who captured their memories on video formats such as Betamax, VHC, VHS and Hi8. Over time all of these various mediums are deteriorating. Original movie films, Reg. 8, Super 8 and 16mm are vulnerable to the elements, become brittle and break beyond repair. Slides fade, attract dust and are easily scratched making them unable to view. Video tape also is easily damaged with overuse and can become demagnetized erasing precious memories.

Now is the time to convert those analog memories into a digital format that can easily be shared with family and friends, uploaded to Facebook, Twitter and You Tube. They can be shown on your iPod, flip phones, digital frames, and on-line sharing albums, made into enlargements, banners or the latest rage – printed into photo books. Offer your clients solutions for preserving, organizing and sharing their video and photo memories.

Why Denevi? Headquartered in the San Francisco Bay Area, we specialize in converting analog images to digital format, including prints, negatives, slides, videotapes and home movie film. Using our state of the art technology, we have supplied the photo/imaging industry as a retailer, wholesaler and now on-line for over 51 years. Our commitment to excellence in quality and customer service has awarded us the distinction of Retailer of the Year and Best Photo Lab. In addition we provide outsourcing services to many photo labs that do not have the expertise and equipment to transfer and scan film at a professional level.

We are proud to have serviced many of America's finest companies including: Wal-Mart, Sam's Club, Wolf Camera, US Military Academy of West Point, and Stanford University. In addition we have provided services for many major California sports team including the Raiders, Giants, Warriors and Chargers.

Offering state of the art digital DVD transfer and scanning services to your customers!

How to get started

It is very simple! Fill out the Application form and Confidentiality & Nondisclosure Agreement at www.denevi.com/wholesale.html. Enrollment provides you with a comprehensive sales manual, order forms, packaging materials and a **free \$25.00 Denevi gift card** to get you started transferring your own memories.

No need to collect funds up front or hassle with sales tax. Our friendly customer service calls your customer, confirms the order and collects the fees. Your commission is paid monthly after the order has been shipped.

Pick up Services:

We recommend offering pick up and delivery service to your clients. The personal service and the added security of your pick up service will greatly increase your sales and bottom line.

Do you know a church, school, athletic club or other group that could use a fund-raiser?

Offer our **Denevi Gift Cards** as a fund raiser.

Do you or your associates have a large email list?

Having businesses recommend other businesses adds credibility to both companies. We will set up a custom web page on our website that you can direct your email campaign to. Orders will be automatically processed and tracked to your individual sales account. What could be an easier or faster way to start receiving a percentage on the orders you generate?

Please visit our website at www.denevi.com and check out our services. Think creatively, we are sure you will see this as an excellent opportunity to earn additional income.

We look forward to hearing from you soon.
